Welcome to the Hospital of Central Connecticut Rehabilitation Network. We thank you for choosing us, and we will strive to exceed your expectations and overall results.

During your first visit you will receive a comprehensive evaluation by a licensed Physical, Occupational or Speech Therapist. Your therapist will work with you to identify your functional deficits, from which specific goals will be set. An individual treatment plan will be created specifically for you.

Please keep in mind:

- You are responsible for determining the limits of outpatient rehabilitation benefits and for obtaining any required referral forms. Authorization does not constitute guaranteed payment of charges. The patient is ultimately responsible for any charges and co-pays.
- If you are late for an appointment, we may have to reschedule or shorten your treatment time. If you are unable to attend your appointment, please call 24 hours prior to your appointment.
- **TWO CANCELLATIONS OR NO-SHOW APPOINTMENTS WILL RESULT IN DISCHARGE FROM THE THERAPY PROGRAM.** By scheduling appointments and not attending, it limits the availability for our other patients in need of appointments. In addition, it will interfere with your ability to maximize your results with therapy. You will be required to obtain a new order from the referring physician prior to any future appointments being scheduled.

I understand the above information and am in agreement with this program:

Patient Signature _____

Date _____

We value your feedback, so if at any time you would like to share your comments or concerns, please do not hesitate to contact me directly.
